

2024 Federal Excise Tax

In compliance with the Tax Reform Act of 1986 and the Revenue Reconciliation Act of 1990, the Internal Revenue Code requires the collection and payment of \$.184 per gallon federal excise tax on transactions involving gasoline blendstocks. The IRS considers those products to be Toluene, Xylene, Hexane, Pentane and MTBE.

Unregistered purchasers must complete an **annual** certification statement. Failure to comply with these requirements will require that you be invoiced for Federal Excise Tax. This form is required even if you receive blended stock.

A prompt response is requested in order for you to be in compliance with the IRS Notice. If you are a registered purchaser of gasoline blend stocks or additives, please include a copy of your Form 637 Federal Excise Tax.

Attached is a "Certificate Of Person Buying Gasoline Blendstocks For Use Other Than In The Production Of Finished Gasoline". **Please complete the attached forms and return as soon as possible in order to prevent delays of future purchases.** If you have any questions, please call 404.355.8220.

PLEASE RETURN THE SIGNED COPY OF THE FORM TO forms@whitaker.company.

Please return the form as soon as possible.	
Sincerely,	
Kent Bodoh
